Subject: Einstein Short Film Contest
Date: Thu, 6 Oct 2005 10:45:52 +0100

Dear Dr. Krešo Zadro
Croatian Physical Society

My name is Mário Almeida and I am the head of the Organizing Committee of a Scientific Documentary Festival (www.fisica.uminho.pt/fisicum2005/festival.htm), to be held in Portugal from 24th to 27th November. Within the framework of this festival, there is a contest called "Einstein's minute":
www.fisica.uminho.pt/fisicum2005/concurso.htm

The aim of the "Einstein's minute" contest is to challenge all who practise the art of image and sound to produce a short movie (animation, video, multimedia or other) about the life and/or work of Albert Einstein, the inspirer of the 2005 World Year of Physics.

The total amount of the prize money is €2000.

The deadline for the submission of the films to the contest is 14th November.

An international Jury will award the Grand Prix (€1500).

A multimedia prize of €500 will be awarded after an internet poll.

I would appreciate if your institution could announce this event through your mailing lists.

Yours sincerely
Mário Almeida
